

Look one:
**JUST ROLLED
OUT OF BED**

IDEAL FOR LOUNGING AROUND
— LITERALLY — OR A CHILLED
OCCASION, THIS IS THE ULTIMATE
NO-EFFORT-REQUIRED LOOK.

Step one: A few coats of clear mascara
were applied to Jen's top eyelashes for
definition, and then combed through
her eyebrows to tame any strays.

Step two: A light application of tinted
moisturiser was applied to Jen's skin to offer
fresh coverage and a little luminosity.

Step three: We went with a lipgloss that
contains only the slightest hint of colour,
as Jen's lips are naturally quite pink. ▷

Look two: GETTING CHEEKY

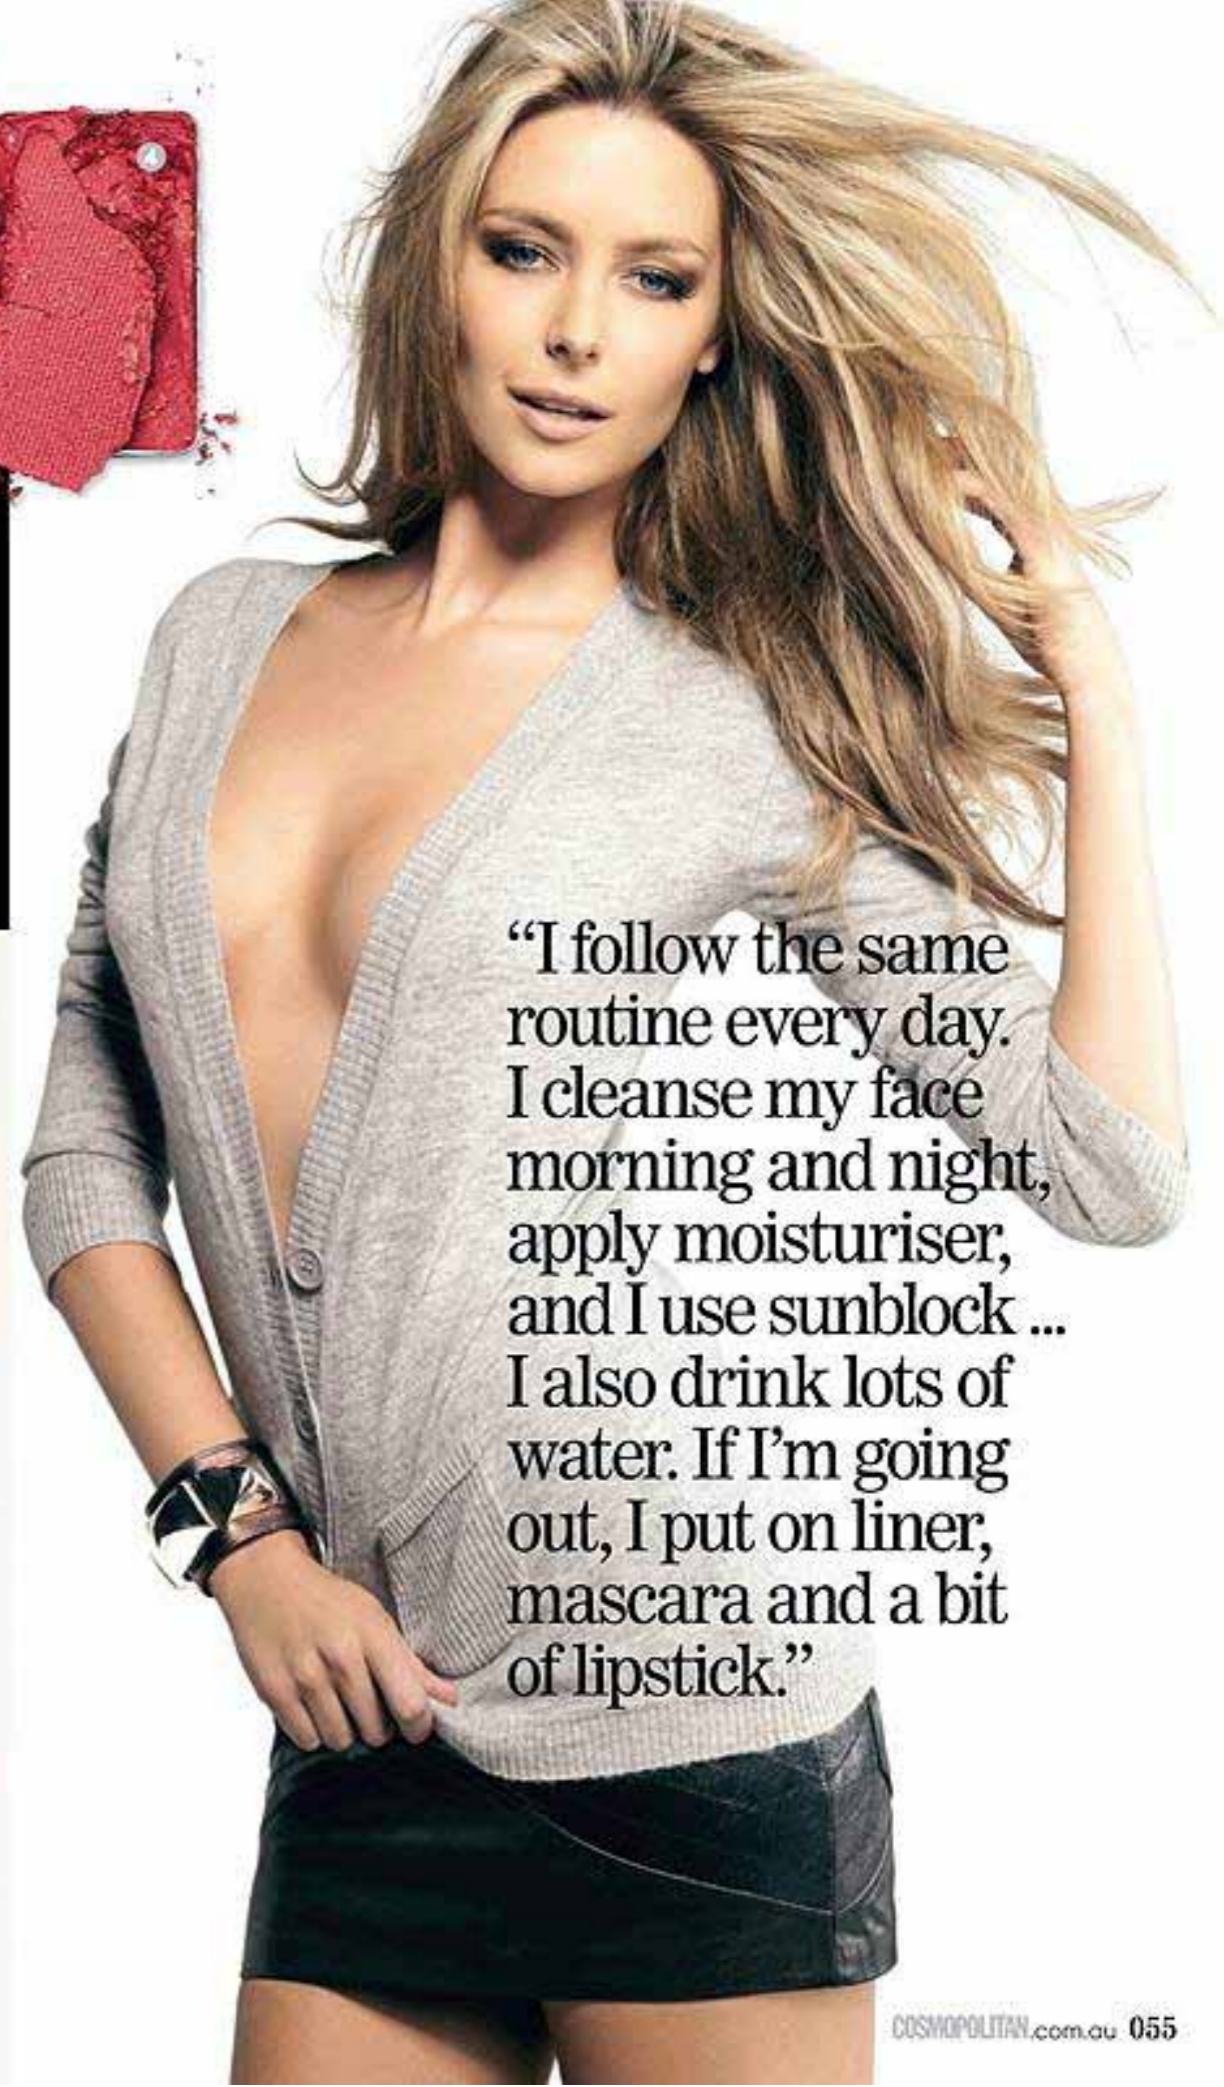

A PARTY OR FRIDAY OFFICE LOOK.

Step one: We warmed up the first look and made it more feminine by adding a powdered pink blush to the apple of Jen's cheek, using a large blush brush.

Step two: We defined the eyes further with a few lashings of black mascara over the clear coating. ▶

“I follow the same routine every day. I cleanse my face morning and night, apply moisturiser, and I use sunblock ... I also drink lots of water. If I’m going out, I put on liner, mascara and a bit of lipstick.”

Look three: SATURDAY NIGHT BRIGHTS

GRAB YOUR SHADOW

A TASTY COCKTAIL...
COS IT'S PARTY TIME!

Step one: We applied the lightest
shade over the entire eyelid.

Step two: To further intensify it,
we used the darker shades closer
to the lash line and lower lashes.

Step three: We layered dustings
of bronzer onto Jen's face.

Step four: We kept the lips neutral.
