## JENNIFER HAWKINS

Her down-to-earth warmth makes the former Miss Universe out of this world

**SHINING STAR** She still has youth's dew, but these days Hawkins, 24, also has a patina of gilt-edged sophistication. "Confident people" inspire the Holmesville, NSW, beauty, who lists Eva Mendes and Kate Hudson as icons. "They have that glow, that 'I don't care, this is me, I'm happy,' attitude."

**DOWN-TO-EARTH DIVA** "Jen's beautiful," agrees her boyfriend of four years, model Jake Wall, 24, "but she also has a bubbly personality, which was more striking to me right from the start." To maintain her fizz, Hawkins exercises daily, and says, "I'm probably the most happy after a run or Pilates." Her feel-sexy recipe? "Skinny jeans, a singlet, heels and a cute bag."

**MAGIC MOMENTS** Forget celeb parties, Hawkins's beautiful experiences come from hanging with her 15-week-old chocolate Burmese kitten, Coco, snuggling on the sofa while watching DVDs with Wall or catching time with her 6-year-old niece, Sienna. "She'll comment on my nails, my Louis Vuitton bag," says Hawkins, who warns her sister Kristy Vitnell, 32, Sienna's mother, "You've got a problem on your hands!"

"What I do for  
a living, I feel  
privileged to do"
